

Command Packaging Encore Recycling Facility

Encore Recycling Inc signed a long-term lease for 124.8k sf of industrial space at the Firestone Business Park in Salinas. The recycling company is a newly formed subsidiary of Vernon-based Command Packaging, a privately owned maker of plastic and reusable shopping and restaurant bags, as well as a recycler of plastics.

Encore Recycling will be utilizing three suites within the Firestone Business Park to recycle agricultural plastics into reusable plastic bags known as Smarterbags, which will be manufactured by Command. Reportedly, the space could eventually house as many as 500 workers.

Greg Findley and Daniel Vorhies with Cassidy Turley teamed up to represent the tenant and the landlord, FBC LLC, in the transaction.
